## ***BCRSC Vision Statement***

All of the efforts of the Narcotics Anonymous British Columbia Regional Service Committee are inspired by the primary purpose of the groups we serve. Upon this common ground we stand committed.

Our vision is that one day:

- Every addict in the region has the chance to experience our message in their own language and culture and find the opportunity for a new way of life;
- NA communities worldwide and the BCRSC work together in a spirit of unity and cooperation to carry our message of recovery;
- Narcotics Anonymous has universal recognition and respect as a viable program of recovery;
- Every member, inspired by the gift of recovery, experiences spiritual growth and fulfillment through service.

As our commonly held sense of the highest aspirations that set our course, our vision is our touchstone, our reference point, inspiring all that we do. Honesty, trust and goodwill are the foundation of these ideals. In all our service efforts, we rely upon the guidance of a loving Higher Power.

- Sometimes the topic of discussion is the proposal on step # 2.

#### **2: Determine if a proposal is required, or implement the proposal.**

- Clarify the proposal at hand, ensure the BCRSC understands what change or action the proposal will bring forth to or for the body.

#### **3: Test for consensus**

- 100% of the BCRSC body reaches consensus, proceed to step 7 with implementation.

- If it's less than 100%, the body will hear out the concerns raised.

#### **4: Hear out the concerns raised.**

- Dissenters present their viewpoints.
- Body discusses the dissent, seeking understanding and solutions.
- Consider modification of the proposal, if it can be altered simply during the discussion.
- A small group discussion, or a break may be necessary.

#### **5: Second test for consensus**

- 100% of the BCRSC body reaches consensus, proceed to step 7 with implementation.
- Less than 100% proceed to next step.

#### **6: Consult**

- Hear out any additional concerns that have not yet been raised.
- The facilitator should make the body aware of the current time spent on the topic, and determine if further cycles of consensus tests will make any progress. Consider forming a workgroup, or defer the topic to the next quarter, if the topic becomes too involved.
- If the regional conscience determines a such an action is not necessary, proceed to step 7.

#### **7: Address and confirm level of authority**

- Does this decision need to go back to the areas? Does it fall under the acting authority of the RCMs/RCM-alts on the spot? Or does it fall on the authority of the entire BCRSC body?

#### **8: Test that authority level for consensus**

- 66% assent/assent with reservations will be considered consensus
- If 16% or greater block, OR if 33.3% or greater stand aside **and/or** block, consensus will not have been achieved.

### **7. FINAL DECISION DEFINITIONS**

#### **Assent**

*"I'm on board, absolutely! Let's do it!"*

#### **Assent with Reservations**

*"I think this may be a mistake, but I can live with it."*

*"I agree for the most part, or to a degree"*

The degree is basically giving assent to the proposal so that we can move forward, but not fully on board. In short, not stopping what the body wants to do.

The assumption is that the reservations have been heard already, and you are simply noting that you can support the proposal and continue to have these reservations.

### **Stand Aside**

*“I personally cannot do this, but I will not stop others from doing this”*

Basically taking yourself out of the equation. You do not agree, but will not actively stop the group from moving forward. However, you recognize that this position could inadvertently stop consensus for the reason below:

**NOTE:** a number of Stand Asides (33.3% or more) of those decision-making members present will indicate that a consensus to adopt the proposal is too weak. The proposal is then either dropped or delegated to the maker of the proposal or a working group for reworking. The content of the dissent is noted in the minutes.

### **Block**

*“I cannot support this or allow the group to support this, it is against our principles.”*

Blocking is a rare and extreme form of dissent taken only if you honestly believe that one of the Traditions or Concepts is directly violated by a proposal, or that some fundamental or moral position would be violated.

A participant who blocks, must be able to articulate which and how a tradition, concept, policy or spiritual principle fundamental to NA is being violated.

A block must be based on a generally recognized principle, not a personal preference.

aa a concern is considered to be a “valid” block, the BCRSC body must have accepted the validity of the concern, and a reasonable attempt must have been made to resolve it.

Consider the following when considering a BLOCK:

- Blocking a proposal is a last resort and only done in rare and extreme cases
- Can I put aside my personal opinion to allow the rest of the group to move forward?
- Am I able to pass on making a point, when someone else has already made it?

**Straw Polls are for information to assess where the body is at. They are not votes.**

## **7.3 LEVELS OF AUTHORITY**

- Any RCM, RCM alternate, individual elected to represent his/her/their Area, or BCRSC elected member (eg: admin committee member or subcommittee chair) as listed in Section 5 (Job Descriptions) can bring a topic of discussion or proposal to the floor.

- Straw polls (eg: “temperature gauging for 100%”) are not votes, and thus should be considered by all of the members listed above.
- Anyone present at the BCRSC meeting can speak to the proposal or topic of discussion at the floor.
- The level of authority regarding decision-making is assigned by inviting a loving higher power to clarify these questions:
  - (a) Does it affect the BC region as a whole, and the areas? Does the decision need to go back to those Areas for consultation? If so, why?
  - (b) Is it a decision that falls on the Areas, but yet can be entrusted to the RCMs to actively make during the meeting, without having to have a quarter elapse for consultation with their Areas? If so, why?
  - (c) Is it a decision that can be made by the entire BCRSC body? If so, why are the trusted servants (who serve the RCMs) granted this authority?

## **8. PROPOSALS**

- 8.1** All RCMs or their Alternates, and area’s selected representative, RSC Officers and Subcommittee Chairpersons are allowed to make proposals at the BCRSC Meetings.

## **9.3 Voting on Financial Expenditures**

**9.3.1** There is to be no funding of non-BCRSC events and BCRSC or its Subcommittees may not adopt any Area events without going back to Areas for group conscience.

**9.3.2** All proposals requiring expenditures of BCRSC funds require consensus.

**9.5.3.2.6** That one member of the facilitation team and the venue coordinator be funded for accommodation regardless of distance travelled. The facilitation team to decide amongst themselves who is funded.

### **9.5.3.2.7 QUALIFICATIONS FOR REGIONAL COMMITTEE MEMBERS - ACCOMMODATION AND MEAL SUBSIDY**

This amount factors into and is included in the \$700 maximum declared on 10.5.3.1.4.1.2, if travel expense claims are also applied.

### **9.5.3.3 APPLICATION OF TRAVEL REIMBURSEMENT AND ACCOMMODATION/MEAL SUBSIDY**

It should be noted 9.5.3.1 and 9.5.3.2 are meant to serve as guidelines to ensure that the elected trusted servants are funded so that their *availability* to fulfill their duties is secured. However, these are guidelines meant to meet the *minimum* required conditions. Applying these conditions to each and every individual may not be realistic depending on their location and duty requirements.

*(For example: A BCRSC Admin committee member (eg: BCRSC Facilitator) and a BCRSC Subcommittee-Elected Trusted Servant (eg: BCRSC PR Treasurer, or BCRSC Literature Secretary) both happen to live in far, northern BC. The cost to reimburse each member to travel separately (as one member happens to require to stay the full two days, the other only one day) would be much more than if they car-pooled together and stayed for both days. It would thus make more financial sense to subsidize both members to stay and be fed for both the 2 nights, and reimbursed for the sole, group car-pooling travel expense.)*

Thus, as per the spirit of 9.5.3.1.2, in such exceptional circumstances (eg: a BCRSC Subcommittee-Elected Trusted Servant is requesting accommodation & meal subsidy for two days instead of one,) BCRSCNA trusted servants should work together and include in their advance reports, the rationale behind the expense claim, and the support for saving BCNA's 7th tradition income. Assuming this claim is accepted as such in the advance report at the BCRSC meeting, it is then just simply approved. Any dissent to this, however, will follow the Consensus-Based-Decision-Making process as outlined in Addendum B before the BCRSC for approval of the claim. If the claim is not declared in the advance report, it will need to be itemized and presented before the BCRSC and addressed via the Consensus-Based-Decision-Making process in Addendum B for approval.

If the matter goes back to area it will be decided on a the next BCRSC using Consensus Based Decision Making.

**11.1.1** Tabled proposals coming back from an area that have been blocked as per 7.2.1 Final Decision Definitions, shall not move forward. Consensus will not have been achieved.

**11.2** The change will go into effect upon its approval, unless otherwise specified.

## **16. Workgroups**

Sometimes the RSC has a special project that does not fit into any existing subcommittees job description. Maybe the region wants to re-evaluate job descriptions, or plan a multi area learning day. In such cases, the RSC may wish to create workgroup to move the project from idea to completion.

Workgroups are set up for a specific purpose. When they have completed the task and achieved the deliverable, they are disbanded.

16.1 The region will define the following:

16.1.1 Task: Overview of what the project is for

16.1.2 Deliverable: what the region expects to be the final product of the workgroup

16.1.3 Point Person: single point of accountability to the region for the workgroup. This person can either volunteer or be appointed by the Facilitation team

16.1.4 Project Members: members that are willing to be involved in the creation and implementation of a project

16.2 The workgroup defines the following:

16.2.1 Detailed Timeline with Milestone Check-ins

16.2.1.1 Detailed Timeline lists the steps that are required to achieve the deliverable

16.2.1.2 Milestone Check-in lists the projected dates that each step will be completed

16.3 The region and the workgroup will define the following in collaboration:

16.3.1 Completion date: the date that the deliverable will be achieved
